

## LEDS T8 TUBE SERIES

The LED T8 Tubes are low maintenance and energy efficient alternatives for traditional T12 and T8 fluorescent lamps. LED T8 tubes have a wide field angle, making them perfect for reflector equipped fixtures and wall-mount applications. They are UL listed and are to be installed with non-shunted lamp holders.

## FEATURES

- High efficacy, long life LEDs
- High efficiency driver: 120V – 277V
- Glass construction for superior thermal management.
- 240 degree beam angle
- 5-Year warranty

## SINGLE ENDED WIRING OVERVIEW

**WARRANTY:** This product has a warranty for a period of 5 years from the date of purchase. The warranty is invalid in the case of improper installation, tampering, or removal of the Q.C. date label. Installation in an improper working environment or installation not according to the current edition of the National Electric Code also invalidates the warranty. Should this product fail during the warranty period, it will be replaced free of charge, subject to correct installation and return of the faulty unit. LED S, LLC does not accept responsibility for any installation costs associated with the replacement of this product. This warranty is in addition to the statutory rights in the country of purchase. LED S, LLC reserves the right to alter specifications without prior notice.
