OUTDOOR WALL SCNCE

500LM | 5000K

KEY FEATURES

This 12" 2-light wall cylinder delivers both uplight and downlight, enhancing any outdoor space with modern illumination. Designed for wet locations, it features an 18W energy-saving integrated LED, a high-efficiency 120V driver, and a durable aluminum housing. The frosted glass and clear acrylic diffuser ensure soft, even lighting. Built to last, it offers a 50,000-hour lifespan (L70) and comes with a 5-year warranty.

- Energy saving 18 Watt integrated LED
- Suitable for Wet Locations
- Long Life: Rated up to 50,000 hours (L70) Lasts 45 years
