

FLAT PANELS

CCT & LUMEN SELECTABLE | 120-277V

KEY FEATURES

These DLC Premium-rated flat panel lights are available in three sizes: 1'x4', 2'x4', and 2'x2'. Each panel offers customizable lighting with three selectable lumen/wattage outputs, allowing you to tailor the brightness to your specific needs. In addition, the panels feature three selectable color temperatures, ensuring flexibility for various environments, from office spaces to commercial applications. With energy efficiency and superior performance, these flat panels deliver reliable, high-quality lighting solutions.

CCT & Light Quality

- 3500K | 4000K | 5000K, >80+ CRI

Light Output

- Light Output: 3750lm - 5200lm
- Efficacy Rating: >125 LPW
- Life time rating 50,000 hrs.

Dimming

- 0-10V dimming standard

SPECIFICATIONS

Construction

- White Polycarbonate Diffused Lens
- Lightweight Aluminum Frame
- Integrated Steel Driver Channel

Optics

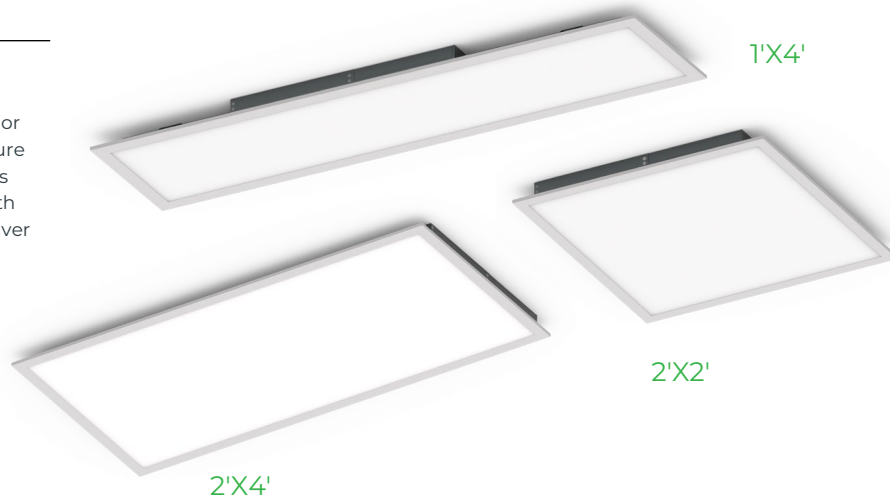

- PF 0.9

Electrical

- THD < 20%
- 120-277V, 50/60 Hz

Warranty

5-Year Standard Warranty. See terms at: [LEDs-LLC.com](https://www.leds-llc.com)

Certifications & Test Data

- cULus Classified, Damp Location
- RoHS compliant with no lead or mercury
- DLC Premium Listed. Search [qpl.designlights.org](https://www.qpl.designlights.org) for details
